

CAMSS 18EX Shelter System

1-800-984-7678 | shelters@camss.com

• **TRIED AND TRUE** •

The CAMSS 18EX shelter can be applied to a diverse array of purposes. The 7ft eaves make it great as medical or storage shelters where tall items can be placed against the wall like IV stands or shelves. The high strength aluminum frame and ruggedized fabric make this shelter durable to be repeatedly erected and taken down while still being portable and compact for travel.

Featuring Straight Side Walls Which Allow For A Fully-Usable Space

WORLD OF POSSIBILITIES

Used in several capacities all around the globe, the 18EX Shelter System is proof that imagination is the only thing holding it back. This shelter easily accepts several types of interior partitions making it popular as offices and sleeping quarters. At other times it has also served as a small dining room, latrines, laundry room, and other out buildings necessary to keep a camp running.
